RE: Chenoweth Square

Dear Denny:

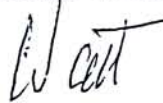

This is sent to compliment you on the fine job you are doing at the Square.

As we have explained all during this process, time is of the essence. It is because we must move Paul as quickly as possible so the tenants who plan to occupy his store can be in for Christmas business.

W thank you for keeping us advised as to the status of the job and greatly appreciate the speed in which the buildings are being completed.

Yours very truly,
