Clarksville, IN 47131-2367

Dear Dennis:

Dennis Ott & Company has just completed a building expansion project for All Pro Championships. We are extremely pleased with our new office and warehouse additions.

During this project I had the pleasure of working with Paul Collings and Bob Voelker. Both of these gentlemen did a great job and gave All Pro outstanding service. Paul and Bob's were always been reliable and very professionalism. They are true assets to your organization and because of them, I would highly recommend Dennis Ott & Company to anyone considering a similar building project.

Thank you for a job well done!

Sincerely,

Ben Erps  
President
